

Wrap Up

**Michael Breaks
Heriot Watt University, UK**

« Some Quotes »

Room temperature IQ

Security through obscurity

We build roads to information and bridges to knowledge

Its an exciting time to be a librarian

Make me famous and save me time

Institutional repositories are bigger than the researchers

« Some more quotes »

Self-sufficiency; Satisfaction;
Seamlessness

Content has left the container

Return to the heartland

Curate information in a knowledge
economy

Cannot train for attitude

Most probably, libraries will exist in 2015

« And some more quotes »

Market of one

Library storm troopers

Libraries are a value-added overlay

Shall I take your speech as a question?

Start at the end and go backwards

In concert with partners

Search – Analysis – Communication

From Transaction to Relation

« and even some more »

Bad scholarship will drive out bad

Without doubt the system is broken

Libraries will remain an essential part of
the scholarly communications process

Did you have fun?
